|                                                                   |               |
|-------------------------------------------------------------------|---------------|
| Maximum Power (Pm)                                                | 175W          |
| Open-Circuit Voltage (Voc)                                        | 23.8V         |
| Short-Circuit Current (Isc)                                       | 9.47A         |
| Maximum Power Voltage (Vmp)                                       | 19.3V         |
| Maximum Power Current (Imp)                                       | 9.07A         |
| Power Tolerance                                                   | 0~+5W         |
| Standard Test Condition: E=1000W/m <sup>2</sup> , Tc=25°C, AM=1.5 |               |
| Maximum System Voltage                                            | 1000V         |
| Maximum Series Fuse Rating                                        | 15A           |
| Fire Resistance Rating                                            | Class C       |
| Module Fire Performance (For USA)                                 | Type 1        |
| Weight                                                            | 10.5KG        |
| Dimensions                                                        | 1480x670x35mm |
